Analysis

Oil	Protein	Fibre	Ash
3.5	16	7.2	7.9

All our feeds use only quality, properly researched, ingredients at meaningful levels. 2kg of Suckler Cow Rolls provides the optimum level of Magnesium to help prevent staggers, sustain high yields, good herd health and maintain fertility as part of a balanced diet. Suckler cows and calves are valuable and deserve more than cheap Magnesium carriers.

Qualities of Feed

Outstanding content of minerals/vitamins/ and trace elements

Selenium, Copper, Zinc

High quality protein

High energy (low fibre, low ash)

Excellent physical quality and high palatability

High vitamin E

BENEFIT

- Assists herd health

- Helps maintain cow condition
- Boosts milk yield and cow fertility
- Can be fed outside on the ground with minimum waste
- Boosts cows immune system, increases antibodies in colostrums
- Increases vigour in new born calves

**Non-GM (this product contains less than 1% adventitious GM DNA). All our Non-GM feeds are made DM DNA). All our Non-GM feeds are made in dedicated plants and tested to ensure that they meet the criteria necessary to satisfy buyers & end users like Marks & Spencer.

Suckler Cow Rolls contain only the best ingredients, including a top quality trace element package and (unlike cheap cattle rolls) no fillers. Compare them with any other cow roll on the market. We believe that this is the best roll available.
