Analysis

Oil	Protein	Fibre	Ash
5.1	18	8.8	7.3

All our feeds use only quality, properly researched, ingredients at meaningful levels.
Our Dairy cakes are formulated to sustain high yields, good herd health and maintain fertility as part of a balanced diet.

Includes biotin & vitamin B₁₂ for improved metabolism & better hoof condition

Qualities of Feed

Essential minerals / vitamins / trace elements (including vitamin B12); (supplies everything from cobalt to Iodine)

- BENEFIT**
- High herd health
 - Improved fertility

Selenium, copper and zinc

- Lower cell counts
- Better hoof condition

High level of beet pulp

- Increases sugar content
- Protects rumen health

High quality protein

- Balances home produced forage
- Improved milk production

High Energy (contains Megalac)

- Helps maintain cow condition
- Sustain high yields
- Boosts milk quality

Excellent physical quality:

- For accurate feeding through automatic feeders

Containing GM2 soya, produced from genetically modified soya

One of our two cakes with high sugar beet pulp inclusion giving a high digestible fibre ratio. A high energy feed with the ECV top quality trace element package which includes selenium, copper and zinc.
